

## AUTOMATICA ONE

User Manual  
www.mansfieldtime.com

### SETTING YOUR WATCH

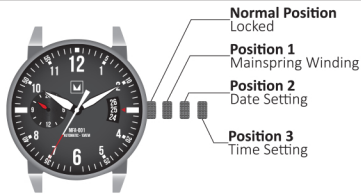

Unlock the crown by unscrewing counter-clockwise from the *Normal Position (fig. 1)*. You will now be in *Position 1*.

**The Mainspring** can be manually wound in *Position 1*. Simply rotate the crown 10-20 times clockwise and the second hand will begin to sweep.

**To Set the Date**, pull the crown out to *Position 2*. Rotate the crown counter-clockwise to the desired date.

**To Set the Time**, pull the crown out to *Position 3*. Rotate the crown to the desired time.

**To Secure the Crown**, return to *Position 1* and apply light pressure while screwing clockwise until firmly tightened.

Note: If date is set between the hours of around 9:00 PM and 1:00 AM, the date may not change on the following day

### WATER USE

This watch has a water resistance rating of 20ATM/200M.

Ensure the crown is securely tightened before submerging in water. If the crown is not securely tightened, water will flood the watch and void the warranty.

Rinse with fresh water after salt water use. Leaving the watch in salt water or with salt residue can cause degradation to the waterproof seals, corrosion, rust, and discoloration.

### WARRANTY

Mansfield watches are warranted for 2 years from the date of purchase.

This means that if there is any internal failure, or any failure resulting from improper assembly on our end, we will replace or repair the watch.

The warranty does not cover scratches on bands or the crystal/glass case, damage from misuse or abuse, loss or theft, or normal wear and tear.

To make a warranty claim please email [warranty@mansfieldtime.com](mailto:warranty@mansfieldtime.com) along with an explanation of the issue, your order number, and any other relevant information to the claim. Postage, insurance, and other non-repair expenses are excluded from warranty.
